- [Parking Ordinance](#)
- [Safety Tips](#)
- [The Pines awarded \\$1,565 grant for entrance landscaping](#)

### Household Hazardous Waste

Do you have old paint, motor oil, antifreeze, pesticides, or household cleaners stored in your garage or house? The Hamilton County Household Hazardous Waste Center collects all types of household consumer products that are generally considered hazardous or environmentally unsafe to dispose of improperly via regular trash collection. Material collected at the center will be recycled, disposed of in a safe manner or be available for reuse in the free swap shop. They collect material from Hamilton County residents! For more information, call 776-4005. The Household Hazardous Waste Center is located immediately west of the Hamilton County Extension and 4-H Fair Grounds on Pleasant Street at 1717 Pleasant St., Suite 200 Noblesville, IN 46060. Check the Hamilton County website for a list of acceptable materials! [www.co.hamilton.in.us](http://www.co.hamilton.in.us) Look under the Services and Programs Directory, Health & Safety.
